

SECTION 2 - TAX

1 ESTABLISHING COVERAGE

As an employer of one or more individuals in Wisconsin, you are required to maintain employment records that will permit an accurate determination of your Unemployment Insurance (UI) tax liability. If requested, you must submit reports to establish if you are a covered employer and/or your contribution liability.

You are required to pay UI contributions on your payroll after you've met the statutory coverage liability. Not all employers are "covered" employers. Those that do not meet the coverage requirements or maintain only excluded employment are not subject to the UI law.

A. Determining Coverage Liability

As an employer, you become "covered" and incur tax liability if you meet any one of the following conditions:

1. Conditions Exclusive to Commercial Employers:

- You paid wages of \$1,500 or more in a quarter in any calendar year or;
- You employed one or more individuals in employment for some part of a day in 20 or more weeks in any calendar year. The weeks need not be consecutive and part-time employees must be included in the employee count.

2. Conditions Exclusive to Agricultural Employers:

- You paid cash wages for agricultural labor of \$20,000 or more in a quarter in any calendar year or;
- You employed ten or more individuals in agricultural labor for some part of a day in 20 or more weeks of any calendar year.

3. Conditions Exclusive to Domestic Employers:

- You paid cash wages of \$1,000 or more in a quarter for domestic service in any calendar year.

4. Conditions Exclusive to Nonprofit Employers:

You are a nonprofit organization described in Section 501(c)(3) of the Internal Revenue Code and you employed four or more individuals on a day in 20 or more weeks in any calendar year.

- Other nonprofit organizations (i.e., non 501(c)(3)) fall under the commercial employer's conditions for liability (see #A1 above).

5. Conditions Exclusive to Government Employers:

- Government employers have mandatory coverage.

6. General Conditions Under Which ANY Employer Will Be Liable for UI Taxes:

- You've paid any wages for Wisconsin employment and you have a liability for that year under the Federal Unemployment Tax Act (FUTA) or;
- You've taken over part or all of the business of an employer already covered under the law (see Part 6: "BUSINESS TRANSFERS AND TAKING OVER A UI ACCOUNT") or;
- You have no liability by law, but you voluntarily elected to become a covered employer (with the Department's approval).

B. How to Establish Compliance

If you think you meet the above conditions or you expect to in the near future, you can complete a new employer registration form and send it to the department electronically. The web site is <https://www.dwd.state.wi.us/wiser>.

It can be found on the DWD home page (<http://dwd.wisconsin.gov>) under Unemployment Insurance, then Wisconsin Employer Registration.

C. UCT-1, Wisconsin Employer's Report Form

See Example 1.

The Employer's Report, Form UCT-1, is used to determine if an employer is subject to the unemployment insurance law. The Employer's Report should be completed by all employers who may have a liability to pay unemployment insurance taxes.

The form is used to obtain information such as the employer's trade and legal names, address, type of business and business location. The form will also ask for information regarding an employer's payroll through the date the form is being completed. Employers completing this form should pay particular attention to employment that is excluded from coverage under the law. Types of employment that are excluded are detailed on this form. Corporations should also include wages paid to the officers of the corporation.

MEMORANDUM ON EMPLOYER LIABILITY

I. ARE YOU AN EMPLOYER LIABLE UNDER THE WISCONSIN UNEMPLOYMENT INSURANCE ACT?

- A. An employer is required to comply with the payroll tax provisions of the Wisconsin UI Law on all coverable Wisconsin payroll:
1. Retroactive to January 1 of a calendar year if the employer:
 - (a) Paid or incurred a liability to pay wages for employment in Wisconsin which totaled \$1,500 or more during any calendar quarter in either that year or the preceding year, or
 - (b) Employed one individual (full or part-time and not necessarily the same person) in each of 20 or more calendar weeks in Wisconsin either that year or the preceding calendar year; or
 2. Retroactive to the first Wisconsin payroll of a calendar year, if the employer is subject to the Federal Unemployment Tax on its total payroll in all states; or
 3. Effective as of the date an employer acquires all or some portion of a business already covered by the statute. Not all business transfers result in a mandatory successorship. The statutes require that both the transferor (seller) and transferee (buyer) give notice of any business transfer within 30 days of the transfer date. Appropriate information and forms will be provided after notice is received.

II. PART-TIME WORKERS, PAID CORPORATE OFFICERS, AND COMMISSION PAID SALES PERSONS ARE EMPLOYEES

"Wages" means any form of remuneration for a given period. It is immaterial whether wages are paid on any hourly basis, fixed salary per payroll period, on a commission basis, piecework or job arrangement, or by payment in kind (board, room or merchandise). An employer operating more than one business under the same legal ownership must combine payrolls and employment for purposes of determining employer liability and reporting tax liability under this statute.

III. 2006 INITIAL TAX RATES

The tax rate for new employers engaged in business in the construction industry in 2006 is 6.60%. The rate for other new employers is 3.25%. Taxes are assessed on the first \$10,500 in wages paid each employee within a calendar year.

Tax due dates for new employers vary according to the date liability is incurred. The latest due date for 2006 taxes is January 31, 2007. If you do not have appropriate forms to establish compliance by January 31, 2007, be certain to send your check in payment of taxes by that date. Penalties may then be avoided for at least the fourth quarter, and possibly for other quarters, depending on the date liability was incurred. Forms for processing your tax payment will then be sent.

IV. PERMITTED EXCLUSIONS

In determining employer liability, individuals employed in types of employment listed below are permitted as deductions (as excluded employment) from the count of employees. Wages paid to individuals in excluded employment should be deducted from quarterly payrolls.

- A. Agricultural labor - unless performed for an employer subject to this chapter (i.e., any employer who paid cash wages for agricultural labor which totaled \$20,000 in any calendar quarter of the current or preceding year or employed as many as 10 persons in agricultural labor for some portion of a day in 20 different weeks of the current or preceding year).
- B. Domestic service in the employer's private home - unless performed for an individual subject to this chapter on domestic employment (i.e., any employer of any individual in domestic service who paid cash wages of \$1,000 or more in any calendar quarter of either the current or preceding calendar year).
- C. Persons (under the age of 18) selling or distributing newspapers or magazines on the street or from house to house.
- D. Individuals covered by the Railroad Unemployment Insurance Act.
- E. Crews of commercial fishing vessels of 10 net tons or less.
- F. Insurance or real estate salespeople paid by commissions only.
- G. Unpaid officers of a corporation or association.
- H. Individuals employed entirely outside of Wisconsin. (Some minor exceptions.)
- I. Any person earning less than \$50 in a calendar quarter in the employ of an organization exempt from federal income tax under S.501(a) of the Internal Revenue Code.
- J. A sole proprietor's father, mother, spouse, or any of his/her children under the age of 18.
- K. Service performed by a full-time student as a formal and accredited part of a work-study program certified to the employer by the school.
- L. Individuals paid solely by commissions, overrides, bonuses or differentials derived from in-person sales primarily in the consumer's home.
- M. Service performed by a nonresident alien for the period he or she is temporarily present in the United States as a nonimmigrant under an F, J, M or Q visa. Services of the spouse and minor children of the nonresident alien are also excluded.

D. Time Limit on Liability

Historically, this department has placed a limit on the retroactive period used to establish an employer's status and contribution liability. In line with this policy, only the current year and the two preceding calendar years are used if no evidence of fraud or abuse exists.

E. Reimbursement Financing

Governmental units, certain nonprofit organizations, and Indian Tribes can choose between the tax and reimbursement methods of financing unemployment benefit costs. (Only nonprofit organizations with a ruling of an IRS Code 501(c)(3) status can elect reimbursement financing.) Tax financing employers pay a quarterly unemployment tax on the wages paid to their employees. Reimbursement financing employers do not pay a quarterly tax, although they must still file the quarterly tax and wage reports. Instead, they reimburse the department for 100% of the unemployment benefits charged to their account. Billing notices, that show all benefits charged to the employer's account, are sent on a monthly basis to employers electing reimbursement financing.

Accounts for nonprofit organizations are normally set up on the tax financing method but reimbursement financing can be elected. Accounts for governmental units are initially set up on the reimbursement financing method but tax financing can be elected.

Indian tribes are normally set up on the tax financing method but as of 1/1/2002 they can now elect reimbursement financing as of the beginning of any calendar year.

Indian tribes and nonprofit employers electing reimbursement financing must file an assurance of reimbursement with the department. The assurance can be in the form of a surety bond, letter of credit, certificate of deposit, or any other nonnegotiable instrument of fixed value.

The employer's original assurance has to cover the 5-year period starting from the beginning of the year in which the employer's

reimbursement financing election takes effect. The amount of the assurance must be at least equal to 4% of the employer's taxable wages for the past calendar year. The adequacy of the assurance amount is redetermined every other year. If the employer ceases business or converts to tax financing, the assurance must remain in effect for up to 2 1/2 years to cover the period of benefit claim liability. At the end of this period, the assurance is returned to the employer.

Beginning in 2006, certain non-profit employers electing reimbursement financing may be subject to an annual assessment for payment of uncollectible benefit reimbursements due from employers no longer in business. The assessment will only be made in years where the amount of uncollectible debts exceeds \$5,000. The total assessment against all employers is limited to no more than \$200,000 annually.

When a governmental unit, nonprofit organization, or Indian Tribe chooses to convert to reimbursement financing, the positive or negative balance in their tax account remains in the Unemployment Reserve Fund and is transferred to the Fund's balancing account.
